

# Lower Columbia College's eTutoring

Lower Columbia College is partnering with the Northwest eTutoring Consortium to provide free online professional tutoring to all LCC students taking classes for developmental and college level credit.

## What kinds of services can I access through eTutoring?

*The Online Writing Lab allows you to submit a draft of your paper to a tutor, ask for specific feedback, and receive your work back with a tutor's response within 24-48 hours.*

*Live Tutoring via eChat allows you to meet with a tutor in one-on-one tutoring sessions via a fully interactive, virtual environment. Live sessions are offered for Accounting, Calculus, Math, and Statistics. We suggest that students use a headset with a microphone for this service, though it is not required.*

*The eQuestions feature allows you to leave a specific question for an eTutor, who will respond within 48 hours (but usually sooner). eQuestions may be submitted for any of the subject areas covered.*
